

EVENT 1 REGISTRATION README

Dear Competitors

On Thursday May 14th the Province eased some of the social gathering limits including permitting the reopening of race track facilities. Due to ongoing requirements of social distancing which prohibits in-car instruction, OTA is cancelling the CTMP-DDT school previously scheduled for May 30th. However, we're happy to announce that Event 1 on May 31 will go ahead as scheduled provided we have enough registrants who will pay in full for the event to succeed.

All participants will need to strictly follow social distancing guidelines and no spectators will be admitted to the track. It is highly recommended that participants wear masks that cover the nose and mouth when outside of their cars. Bring hand sanitizer or hand cleaning supplies. Please do not attend the event if you are ill. No passengers, ride-alongs (unless from same household) or in-car instruction will be allowed. No sharing of cars between drivers unless from the same household.

Here is what you need to know:

1. Registration will be open from May 18 noon to May 25 at 8PM (msreg.com/OTA2020E1).
2. At 8pm on Monday, May 25th, OTA will total up the revenue that has been paid for Event 1 and determine whether enough has been collected to cover the costs of running the event. If we have collected enough fees to cover the costs, Event 1 will proceed and **all fees will not be refundable**. If OTA has not collected enough fees to cover the costs, then OTA will cancel Event 1 and all those who have paid will receive a full refund promptly.
3. Price per competitor will be \$285+HST for Event 1. No reduced rate is available for morning lapping only. Assuming that Event 1 takes place, no refunds will be available, without exceptions. For clarity – there will be no refunds for mechanical breakdowns, adverse weather, personal or work schedule changes or illness. Competitors can transfer their fee to another driver who has been signed off by OTA to compete if 24 hours notice is provided to OTA.
4. Due to the fluidity of the situation, OTA reserves the right to cancel the event in its entirety for other reasons – for example if the Province changes its social gathering limits. In this event a full refund will be provided promptly.
5. The format of Event 1 will be a typical OTA event – morning lapping, lunch break, followed by afternoon competition. You will have about 2 hours of quality seat time.
6. OTA will not provide lunch, coffee or water and participants are advised that local restaurant facilities may not be available. It is recommended that participants bring their own food, water, face masks and hand sanitizer.

Additional guidance for social distancing, arrivals, registrations and other logistics will be sent out to registrants in the Event 1 Supplementary Regulations. Information about other events following Event 1 will be circulated at a later date. OTA intends to hold events when it is possible to do so given Provincial limits, safety and other considerations.

We will see you on the track (from at least 2 meters away)!

LIVE timing, FAIR classing, FAST drivers, ONLY AT OTA!
